**CDLUX009 Jeanne And The Darlings/The Charmels: We're The Soul Girls - Complete Volt Recordings.** Untouched soul gold from the Stax vaults, with girl groups often used as backing singers on the label's hits of the 60s but who also recorded their own sides on the Volt subsidiary under the guidance of Isaac Hayes and George Porter. 29 super southern soul tracks.

Also included are eight sides from the King Records vaults, the only other sides he issued commercially in his own name. A real find - endorsed by Herb himself - with an impressive booklet.

**CDTOP1335 Action! The Songs Of Tommy Boyce & Bobby Hart.** Popular song-writing team from the sixties were much more than the guys behind The Monkees big hits. Drawn from the original master tapes of producer Huey Meaux and including a lengthy essay on Joe in the extensive booklet, this is a real treat for fans of Louisiana R&B in its heyday.
